***Dear,***

***Wedding Date:***

*Thank you for your inquiry about our wedding photography services.*

*We have been taking pictures professionally for the past 30 years and really enjoy what were doing.*

*We spend as much time as necessary to give you the quality coverage your special day deserves.*

*We typically will only cover one wedding per day. You will have our undivided attention. We do not charge by the hour with our normal packages, but in the same respect we will not waste you're time.*

*We will arrive at a scheduled time (generally 2 hours) before the ceremony and take as many photographs prior to the ceremony as possible.*

*During the ceremony we will take "available light" photographs. After your ceremony we take the formal photographs of the wedding party and any family members that you desire to have taken. Please allow about 50 minutes for the formal pictures in your scheduling for reception and limousine services.*

*Our coverage will continue at the reception. We will stay and take the standard "shots". These to include but not limited to (cake, bouquet, garter and 1<sup>st</sup> dance, etc.) If you will permit and the reception area has room we will also take formal photos of couples, special friends and relatives during the reception.*
